**Why sponsor the Dog Jog?**

**The Dog Jog is Mondak Animal Rescue's largest**

**fundraiser. Your sponsorship will help operate our facility that will be an asset to this community and region.**

**Our community needs your support more than ever.**

# 20TH ANNUAL DOG JOG

**Saturday  
September 15th  
2018  
Spring Lake  
Park**

The Mondak Animal Rescue at the Buck Scheele Family Animal Center invites you to join us for our 20th Annual Dog Jog at Spring Lake Park in Williston, ND on September 15, 2018.

For the past 20 years, the Mondak Animal Rescue has operated as a foster based rescue in which our numbers are steadily increasing each year as we serve the western area of North Dakota and the eastern area of Montana. This year we have successfully rescued, vetted and adopted out numerous pets as well as assisting the Williston City Animal Control so that no pet has to face being euthanized.

As we begin our final stages of preparation for occupancy in the Buck Scheele Family Animal Center, we turn our fundraising to the operating expense of this facility. The Center will be a full-fledged shelter and adoption center, boarding facility for both cats and dogs, grooming center, doggy daycare center as well as having a veterinary clinic to help us keeping down the costs of immunization and spay/neuter clinics for animals in our care. We also have plans for animal humane education for the young and old alike. The Buck Scheele Family Animal Center is a needed service to our communities and we are working diligently toward being the regions one stop animal care center, from sheltering to vetting to adoption. We want to be able to also offer services for animal lovers with the care of their loved pets while away or working in our

doggy day care service. Some of the costs associated with running the facility will be the costs for the animals in our care. We have and will always be grateful to the Scheele Family for making the idea of the brick and mortar facility become a reality.

Please join us for our 20th Annual Dog Jog and we hope that you will consider becoming a sponsor so we can continue our mission of helping our area pets and future operating expenses which will occur when we take occupancy of the Buck Scheele Family Animal Center this fall. Along with the support we get from you we must continue on fundraising efforts such as this to help us to maintain a clean, safe and loving environment for the pets in our care. We are now moving into operation mode which will take not only fundraising such as this event but we must be applying for animal humane grants to help with other aspects of caring for animals and the revenue of boarding, grooming and doggy daycare at the facility to help alleviate operation costs.

We appreciate the support we have received in the past and are so very excited to see that after 20 years, the dream of a state-of-the-art animal facility is now a reality. We thank you for your continued support for these past years, and if you have not been a part of Mondak Animal Rescue we would like you to become involved. Please join us at the event or consider becoming a sponsor to help us continue on the mission of helping area pets.
